

We would like to invite Grace families and friends to a Bench Award Ceremony on Tuesday, May 3rd, 2011, at 2:00PM, in the playground area. The Mid Michigan Waste Authority will present the Grace with a park bench.

Last year Grace joined MMWA's educational program called the "4 R's"—reduce, reuse, recycle, and recover. Did you know that we recycled the most paper per student last year out of all Saginaw County Schools that participated.

This award is made possible by a grant from Dow Corning Health Industries of Hemlock.

Dear Mrs. Kreh and students at Grace Christian School,

It is such a privilege to partner with you in God's kingdom work around the world! We were so blessed to receive your Christmas gift to *Harvest of Hope*, which will meet the needs of men, women, and children in the world's least Christian regions. Thank you for investing your resources in providing animals, seeds, clean water, medicine, a Bible and a desk! Each gift will not only meet practical physical needs, but will be an expression of God's provision to the person or family on the receiving end. They will see how God meets their needs, whether their need is to have a job to earn money or a place to sit at school.

It is your generous support that allows our overseas ministry partners to bear witness to Christ in the hard places. Backed by prayer and the Holy Spirit's leading, these gifts often soften hearts to the Gospel. And because our ministry partners live and work in the areas where they minister, their lives testify to God's work and His presence in a way people notice. Although the places they work are not easy, our partners are committed to their Savior and to bringing glory to God's name in their communities. Thank you for standing with them in such practical ways!

We are grateful for your generosity and compassion in giving to people in need through *Harvest of Hope*. It truly is a joy to work together to see God praised by all peoples!

Grateful for your partnership,

  
Megan Huggins
